Dear Mr. Ellerbrook:

A recent letter from Charles L. Parsons, Secretary of The American Chemical Society, includes your name as a member of the society. At present a group is trying to organize a local section of the American Chemical Society in this general locality, and we would like to gather together the names of all prospective members of such a section in presenting the petition for its enactment to the parent society.

The proposed local section will embrace the territory of Dutchess, Orange, Putnam, and Ulster Counties with headquarters at Poughkeepsie. If for any reason it is more convenient for a member residing in this proposed territory to attend meetings of any other local section he may do so by asking the permission of the National Secretary to be considered a member of such a section. If however, headquarters at Poughkeepsie are as convenient as any other local headquarter for you, and if you are in sympathy with the plan for such a local section, it would be greatly appreciated if you would return this letter to me with your signature appended below for addition to the petition.

Very truly yours,
B.R. Stanerson
B.R. Stanerson

I hereby add my name to the petition for the above proposed local section of the American Chemical Society.

Signed: Lester D. Ellerbrook

I hereby add my name to the petition for the above proposed local section of the American Chemical Society:

Signed: Edward K. Seely

I hereby add my name to the petition for the above proposed local section of the American Chemical Society.

Signed: Samuel Friedman

I hereby add my name to the petition for the above proposed local section of the American Chemical Society.

Dr. Sidney L. Phillips, Chairman
Mid-Hudson Section, ACS
Brooklands Farm Road
Country Club Estates
Poughkeepsie, New York 12601

Dr. Phillips, we are pleased to learn of your plans for the 25th Anniversary of the Mid-Hudson Section. The meeting at the United States Military Academy sounds extremely interesting, and I am sure that Dr. Stanerson will provide an entertaining and informative talk.

We are enclosing information to aid in compiling your Section's history, included are: a list of the petitioners to the original request for a charter and the current member status; addresses are given where known. We also have a yearly count of paid members of the Section since its establishment, and we have been able to provide a copy of the original petition for the establishment of the Section and a copy of the charter.

We are always pleased to be of service to a Section in its planning for an anniversary, and please let us know if there is additional information we may be able to provide for you.

JUN 12 1967

Mr. Marshall W. Mead
American Chemical Society
1155 Sixteenth Street, N. W.
Washington, D. C. 20036

Dear Mr. Mead:

In reply to your March 10, 1967 letter concerning the Mid-Hudson Section's 25th Anniversary, I should like to note that we plan a commemorative meeting on Thursday, September 28, 1967. The meeting is scheduled to be held at the United States Military Academy at West Point, New York.

We have invited Dr. Stanerson to be our principle speaker for the evening; we plan to invite charter members and their wives in the Mid-Hudson area to be Section guests. Other details are being worked on by a committee under the chairmanship of Mr. Richard Flitsch, our Program Chairman.

We would very much appreciate your office supplying us with information concerning the Section's history, and names and current addresses of charter members. As our plans develop further, we will keep your office informed.

Thank you for your assistance in this meeting.

Very sincerely yours,

Sidney L. Phillips
